Treatment and Accessibilities Report
E.P.G.S.A. Area 59 Panel 73
Month ___3__ day 12_ year 2023
Area Quarterly Meeting, _Q2_ (Oxford, PA)

- We have met three times thus far and our next meeting is scheduled for Sunday March 19th at 3pm. On zoom.
- Our minutes have been approved and sent to our advisor, our Delegate, and the Area archivist.
- Projected budget of $1900 to be presented today by Finance Committee
- We are currently working on our present inventories for our displays. We will be getting an order together in near future to make sure we as a committee have a good uniform and range of literature along with display shades, and literature racks.
- We have decided to focus on the Treatment side of our committee in the first year of our panel unless an Accessibilities need arises. Some districts and Intergroups are already asking for items that are helpful for people with hearing/deaf needs.
- We have reached out to numerous treatment facilities to see how or if we can extend the hand of AA. Some have been very receptive and some not so much. One member of our committee is working closely with BTG coordinator to create a new pamphlet that focuses on treatment. This will complement the existing corrections pamphlet.
- Our chairperson has attended two BTG meetings so far and am working closely with Jim and local intergroups to help BTG become smoother and work better with Area 59, local intergroups, and all members who are interested.
- We have been telling our districts the importance of BTG and people are signing up.
- We have one treatment facility so far who would love to have better contacts for people leaving their facility. Some of our committee members live in districts without intergroups and are more involved in facilities within those districts.
- Our secretary has been adding to existing list of facilities and contacts.
- We have also decided who within the committee will cover which districts for workshops and events.
- We have attended a few events with our displays and are scheduled for several more events in upcoming months.
- Travel Log:
    - General Service introduction on 1/21/23 in Kennet Square, PA
    - DCM Orientation on 1/28/23 in Bethlehem, PA
