The committee began the panel/quarter prioritizing our business within the frame of the Delegate Recommendations. We have familiarized ourselves with our corrections kit/workbook and other Correction based literature. Our advisor, Ken, mailed Cort and I copies of two DVDs “It Sure Beats Sitting in a Cell” and “Carrying the Message Behind these Walls” which we will pass along to fellow members at our next sub-committee mtg. (delrec)1

We have broken up the districts in an even amount between all sub-committee members and have begun opening lines of communication with the DCMs and correction committees there in. (Del rec2&4)

5 Pre-release contact requests have been received.

-4 directly from GSO that have been forward onto the local Intergroups (Sepia, Berks, Lancaster) as well as District 35

-1 I was contacted by a Corrections Employee requesting information and a contact.

Have received a letter from the individual and have sent the employee literature.
