The Corrections Committee has been active in this last quarter. We have received several pre release request for contacts and letters requesting speakers/literature to be brought into their facilities. (Del Rec#3) They have been forwarded onto the corresponding DCM and Intergroup. We have been actively responding to requests and emails from corrections representatives from various districts.. they now know who we are! So we are hearing from more. Our Committee met before the December Quarterly meeting as well as multiple times via email.

What we have been doing:

- Taking Grapevine Gathering boxes to Area events and gathering in our home & neighboring districts and redistributing them.
- Our main work since the last quarterly meeting has been to order materials for specific facilities and general materials for each member to have to try to meet the needs of their assigned districts & intergroups. We had multiple email meetings and came to a consensus on a purchase of about \$1300 worth of materials. (An updated pamphlet for inmates has recently come out and we purchased many in both English & Spanish as well as many pocket big books & 12x12s)
- Displays were taken to multiple workshops. Plans for members to take displays to workshops are scheduled too.
- Each member continues to communicate and gather information on our assigned districts without Intergroup Corrections and also with the Intergroups in Area 59. (We are trying to keep in touch with all groups involved in Corrections and put our hand out) (Del Rec #2 & #10)
- When things are coming up in specific districts or intergroups the assigned committee member is taking the lead on helping and getting info.
- Each committee member has sets of pamphlets to use with their displays. (the free pamphlets relating to corrections) And we now make sure we order Spanish materials too.
- We are still actively recruiting members to volunteer for the Corrections Correspondence program since there is a need to get male AA members to write to prisoners.

Next on our agenda:

Continue to gather used Grapevines for redistribution. Meet before the March Quarterly. And to address more of the delegate's recommendations for Corrections.

Thank you allowing us the opportunity to serve AA in Area 59.

Respectfully submitted,

Lisa T D43 DCM & Chair of Area 59 Corrections & the Corrections Committee
