

Area 59 Panel 63 Finance Committee Report February 7, 2013 1Q Meeting

The Finance subcommittee researched the current level of Prudent Reserve and whether it should be changed. The subcommittee decided unanimously to take no action.

The Finance subcommittee is researching the practice of sending all monies collected in the basket at the EPGSA "Big Meeting" to G.S.O. The subcommittee has been asked to determine whether it would be prudent to "split" the basket receipts with 50% to G.S.O. and 50% to E.P.G.S.A. (or some alternative).

The Finance Committee has ordered and stuffed all literature needed for 7th Tradition envelopes. This material will be distributed to committee members at our next area meeting.

Displays have been taken to workshops and other area events on a regular basis.

Dan B. Has stepped down as DCM and the Finance Committee and Joe V (DCM 44) has been elected as new DCM and will be joining the Finance Committee at our next meeting on March 9.

Yours in Service
