Querido (Dear) Comité de la Área 59,

I trust these few words will find you happy, joyous and free to enjoy the last of our “Lazy Summer Days”. Since our last meeting in June we have committed to work with PI, Literature, and Treatment/ Special Needs to bring you a Spring Workshop. Planning is in progress and details will be coming shortly. We are currently searching for an electronic version of the Spanish Area 59 Service Manual. Our review of the Service Manuals continues and we hope to have a bulleted point list of our finding thus far at the December Area Meeting.

Our brain storming about how to put District 68 on the Area map continues and we hope to have some ideas to share with you today. (suggestions will be appreciated) We are sharing our personal experiences with each other regarding our Traditions and our Concepts thus making our understanding of them more concrete .

We continue to encourage every DCM to motivate their District to develop and or update their own Structural document. By doing so you will be facilitating the future work and existence of the life saving entity you serve. In District 68 a Structure Committee has been formed and has met. They have started the process of creating a District 68 Structure Manual. District 56 has updated and shared their product with the committee. If other Districts are working on a structure manual and desire assistance please e-mail the Structure Committee. We will be happy to support and guide in the process.

A thank you goes to the members of the Structure Committee for their service to Area 59. Thanks to all the Area 59 DCM'S for keeping Doris informed of any changes to your District business meeting and thanks to our Sub-Committees and Officers for their advice and support.

In love and service, Feliz 24

Evelyn D.
Structure Committee Chair
