

Area 59 Panel 63 Structure Subcommittee Report
4th Quarterly Report
September 14th, 2014

Recently the Structure Subcommittee received a draft to review the major accomplishments of Panel 63. A final draft will be available to take, with any corrections, to the printer by the end of September. The 2014 structure manuals and the Area 59 map will be ready in plenty of time to be handed out at the EPGSA Convention November 14th-16th, 2014.

On August 23, 2014 Steve B. represented the Structure Subcommittee at the Area 59 Share-A-Day event. Steve not only brought our display, but also was able to give a short presentation.

As always, the Structure Subcommittee is available to assist any district in Area 59 who has questions about updating or creating a structure manual.
