

Cooperation with the Professional Community Sub-Committee Report
September 8, 2013

The CPC Committee is responsible for studying and developing ways to cooperate with the professional community while keeping with the AA Traditions.

As a committee, we participated in PENNSCYPAA, the PA State Convention, various Area 59 workshops and updated and improved our committee displays. Internally, we resolved two referrals received from GSO.

The CPC Committee is available to attend your District workshop or event or provide any assistance to a District that would like to start a CPC Committee.

Our next meeting will be September 8, 2013 at 9:30 AM.

Respectfully submitted,
Gretchen E. Chairman
