

Structure Subcommittee Panel 67 Quarterly Report

3rd Quarter 2018

Structure Members

Brandon N. District 52, Secretary

Pete B. District 44

Glenn W. District 62

Frank B. District 57

Larry L. District 28

Carrie S. District 43, Chair

Summary of Subcommittee Activities:

- Provided Structure display and literature at 2 workshops.
- Continue research into the formation of a Tech Committee, at the direction of the Panel after a PI recommendation:
 - Only a handful of other Areas have formally implemented a Tech committee. Feedback has been slim, but interest is high.
 - The Structure Subcommittee is interviewing current and past stake holders to gain insight into our area's needs, barriers, and goals.
 - Our webservant Greg is attending the 5th Annual National AA Technology Workshop (NAATW) in September. The committee will talk to him about bringing back more information on Tech Committee structure and scope.
- The next big task is to begin the biannual reprint of our Structure Manual and Map for the next panel. Updates will be made, it will be proofread, request for printing bids will be sent, and materials will be ready for EPGSA.

In Grateful Service,

Carrie S.

Structure Subcommittee Chairperson Panel 67
