Summary of Subcommittee Activities for 2nd Quarter-

Two monthly work sessions were held at storage unit to continue organizing physical files, data files and scanning & digitizing archive materials Work Sessions have been suspended until further notice. The storage unit does not have adequate space for social distancing, ventilation is poor, and we are not permitted to work outside on the grounds. We have held one live committee meeting and one virtual (Zoom Meeting) since our last report.

We are focusing our energies on capturing the history of AREA 59 during this crisis with requests to DCM's for numbers of virtual and live meetings as well as updates to group histories

Ken P wrote and submitted an article for the area news letter about our committee.
