Carolyn D. R. – District 32- Secretary  
Claus P. – District 26- Literature

Courtney P. – District 41  
Sharon B. - District 58  
John M. – District 46

Members of the EPGSA Area 59 Corrections Subcommittee met prior to the Area Quarterly meeting on June 11, 2017 and via conference call on July 30, 2017.

Subcommittee members have been discussing the Area inventory which will take place October 15, 2017. Chair asked committee members to start thinking about ways we can improve as a subcommittee.

The Subcommittee requested that the Area 59 website include specific A.A. Corrections Pamphlets in the Literature Section and the three following pamphlets were added.

1. Prerelease Contact Information for the Outside
2. Prerelease Contact Information for the Inside
3. Corrections Correspondence... a special kind of A.A. Service

These pamphlets are now able to be downloaded into a printable format from the Area 59 website.

The subcommittee has been and will continue to distribute corrections pamphlets to all DCM's in areas where meetings in a correctional facility are not covered by an Intergroup. This allows the DCM's to distribute needed literature into correctional facilities in their area.

We received another 15 letters from inmates this quarter looking for contacts in Eastern Pennsylvania. The subcommittee has connected these inmates with Prerelease contacts with the help of our DCMS.

The Subcommittee Chair received a letter forwarded to him from GSO from an inmate who is requesting that outside A.A. members come to a meeting that is held in his facility. This letter was forwarded onto District 43 Corrections Committee to gather more information to see if we are able to help in any way.

The subcommittee members have been discussing how we can be a better link/liason between GSO, prisons and districts. Members of the Corrections Subcommittee working on efforts to get individuals involved with Corrections Correspondence and Prerelease Contact through our district meeting and other A.A. meetings we attend.

Subcommittee Chair met with a local deputy warden and members of the Lancaster Intergroup to participate in a presentation and question and answer session.

Subcommittee members have been planning our workshop at EPGSA and assigned different roles to members. We will continue to discuss our workshop at the next subcommittee meeting.

The committee attended or will attend the following events.

1. 08/12/2017- Combined District Workshop on Safety and the Three Legacies
