Courtney P. – District 41
Paula D. - District 58

Members of the EPGSA Area 59 Corrections Subcommittee met prior to the Area Quarterly meeting on June 10, 2018 and via conference call on August 9, 2018.

Subcommittee members have been discussing and planning our workshop. The Corrections Workshop will take place at Shiloh Church 512 Bloom St. Danville, PA 17821 on Saturday October 27, 2018. The subcommittee has been discussing various topics and potential presenters. We will focus on how to better carry the A.A. message behind the walls and various ways of connecting the A.A. members inside with the A.A members outside. Everyone is welcome and encouraged to attend. Please help spread the word.

Members of the Corrections Subcommittee have been focusing on efforts to get individuals involved with Corrections Correspondence and Prerelease Contact through our district meetings and other A.A. meetings we attend. The subcommittee received a letter from GSO requesting assistance with getting make volunteers for Corrections Correspondence. There are currently over 100 male A.A. members waiting to be connected. The subcommittee members have been having ongoing discussion on how we can be a better link/liaison between GSO, prisons and districts. Members of the Corrections Subcommittee have been focusing on efforts to get individuals involved with Corrections Correspondence and Prerelease Contact through our district meetings and other A.A. meetings we attend.

The subcommittee has been and will continue to distribute corrections pamphlets to all DCM's in areas where meetings in a correctional facility are not covered by an Intergroup. This allows the DCM's to distribute needed literature into correctional facilities in their area.

We received another 10 letters from inmates this quarter looking for contacts in Eastern Pennsylvania. The subcommittee has connected these inmates with Prerelease contacts with the help of our DCMS.
