

Convention Committee Report  
September 12, 2021

We are happy to report that registration has been strong for our upcoming EPGSA Convention / Assembly, November 12-14, in Lancaster, PA. Currently, we have 247 people registered, 200 for the banquet and 121 rooms booked which is encouraging at this stage. A letter will be sent out to districts, groups and members to contribute to the Hospitality Suite at EPGSA. For those who wish to contribute, there is a form on the area website for your convenience or you can mail a check to the Convention Committee Treasurer, Mike S., with Hospitality on the memo line.

Our Delegate has prepared a full program and that will be presented by Caroline. Additionally, we could not have such a successful weekend without the support of all our volunteers! Our Alternate Delegate, Pete, is soliciting lots of people to help greet, assist with registration and many other opportunities to host this event.

We are in close communication with the hotel and the committee will handle room requests for those with mobility or accessibility issues on a first-come/first serve basis considering the hotels space availability.

Email blasts announcing EPGSA continue for reminders thanks to the Ad hoc Digital Communications Committee. Financial data has been forwarded to the Area Treasurer, as requested, for the accountant.

District visits, by committee members, have started to discuss and answer questions, so thank you for your consideration in allowing a small amount of time during your district meetings. Lancaster Intergroup has agreed to sell literature except Grapevine and La Vina which will be presented by Area 59 subcommittee.

A YPAA table will be set up for registration of the 2022 PENNSCYPAA (Pennsylvania State Conference go Young People in Alcoholics Anonymous) if you want more information being held in Williamsport, PA.

As always, if I can be helpful or answer questions please don't hesitate to contact me.

In fellowship,  
Steve O.
