

Corrections Subcommittee Report
Panel 71 Area Quarterly Meeting, 2Q22
March 13, 2022
Advisor: Pete B
Chair: Melissa M D51
Secretary: Dean M D31
Erik M D67
Brendan M D54

The committee has met via Zoom during the last quarter in order to communicate regularly about upcoming service opportunities.

Service:

Mini Assembly/DCM Planning Meeting
Share-A-Day
District 27 Monthly District Meeting
NERAASA
District Workshops

The chair met with the BTG coordinator, Ralph O. as well as the Treatment and Accessibilities chair, Steve, regularly to discuss and develop a follow up email survey to the DCMs of Area 59 requesting information regarding the correctional facilities located in the districts they represent. The corrections subcommittee members were asked to follow up with the districts that haven't responded according to the distribution that was assigned earlier in the panel.

The subcommittee was also tasked with reading and editing the first five pages of the BTG workbook. The suggestions would be considered when the BTG steering committee met to finalize the edit.

The subcommittee has also been asked to give feedback and suggestions on the corrections page of the new area website set to be completed by the third quarter.

Attendance to the corrections roundtable meetings at NERASSA were extremely informative and productive. Learning about other area's similar struggles and issues prompted thoughtful discussions as well as useful networking.

Upcoming Events:

We will be holding our next committee meeting tentatively on Sunday March, 13, 2022 one hour prior to the Area 59 quarterly meeting in order to discuss the upcoming Pre-Conference Sharing Session committee assignment and any other corrections or BTG pertinent topics.

We look forward to continued service as members of the Area59 corrections subcommittee.

Yours in service,
Melissa Moore D51 DCM
Panel 71 Corrections Subcommittee Chair
