

Archives Subcommittee Annual Report
E.P.G.S.A. Area 59 Panel 73
Year 2 - 2024

Subcommittee members: Jen F., Pat D., Neill D., Dave B., Angel M.

Efforts by the Archives subcommittee include:

- Monthly meetings at the storage unit to file, scan, and organize Archive materials
- Monthly meetings online to discuss Archives business
- Attendance at Area workshops, events, and anniversary meetings to showcase mobile Archives displays and encourage use of group history forms
- Revised the history section of the Area 59 Structure Manual to improve accuracy and clarity, and provide a more balanced snapshot of Area 59 history; the Area Committee voted in favor to adopt the revised version of the history, which will be included in the 2024 printing of the Structure Manual
- After nearly 4 years of painstaking research, the Archives Committee purchased new display binders for the EPGSA Convention; the committee labeled binders with district numbers and transferred all archival documents into the new binders, which are ready to be displayed at EPGSA 2024
